

SOLUTIONS FOR CRITICAL INFRASTRUCTURE SECURITY LEADERS & DECISION MAKERS

2024 MEDIA KIT

Reach a Market Eager for Security Products, Services & Solutions

Security solutions are top of mind for the utility industry. With new federal investments and ever-growing threats in both physical and cyber spaces, utilities will significantly increase spending this year and in the years to come. This market is looking for security partners who can provide effective products, technologies and services to help combat existing and emerging threats.

Serving the Utility Industry for 20+ Years

For more than 20 years, we have built thriving utility-industry communities through impactful magazines, popular conference events, innovative training solutions, podcasts, digital newsletter and social media presence. The utility safety community relies upon our Incident Prevention magazine, Utility Safety Conference & Expo and safety leadership training. Utility fleet managers read our Utility Fleet Professional magazine to find the latest fleet solutions. We are now building a new community of utility security professionals by publishing the industry's first and only utility security-focused publication.

INCIDENT PREVENTION MAGAZINE

An engaged community of 19,000+ utility safety professionals

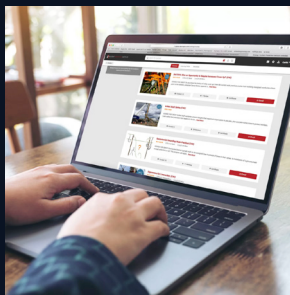

UTILITY SAFETY CONFERENCE & EXPO

Bringing together hundreds of utility safety and ops leaders twice a year

UTILITY FLEET PROFESSIONAL MAGAZINE

5,000+ utility fleet decision makers turn to our publication for insights

INCIDENT PREVENTION INSTITUTE

Impactful utility safety education delivered to utilities on site or online

CERTIFIED UTILITY SAFETY PROFESSIONAL CREDENTIAL

We manage the CUSP program which is the only safety credential that is exclusive to the utility industry

UTILITY-INDUSTRY PODCAST CHANNELS

We host and produce several podcast channels that provide solutions to utility professionals
